Dear Parent/ Carer

Activities Week 8-12 July 2024

As a College, we recognise the importance of creating meaningful experiences for all students that go beyond academic achievement. We want all our young people to become well rounded individuals by engaging more with their local community as well as the world beyond their immediate experience. In so doing, they build memories together and gain a richer educational experience that will better prepare them for success in life.

Activities Week is designed:

- to offer a project-based school community experience that enables students to celebrate their achievements.
- to deepen students' knowledge and experience of their local community.
- to enable students to develop team and leadership skills and take on experiences beyond their immediate and local environment.

For the week, students will be in non-school uniform and will be working in their Houses. Each House will take part in a range of exciting activities under one of 4 packages:

Nature Viewpoints – Austen

Experiencing Midhurst – Kipling

Hidden Science – Tennyson

History in Action – Woolf

On the Friday, all students will take part in the annual sponsored walk, for which more information will be provided.

Here is more detail of the activities on Monday to Thursday:

Experiencing Midhurst

- Midhurst Monopoly: exploring and discovering the town
- Leisure: activities around traditional sports and hobbies of the region
- A visit to Amberley Museum (Wednesday)
- Creation: a choice of activities based on the geography of the South Downs National Park
