PRINCIPAL'S MESSAGE

Tuesday 11 February is National Internet Safety Day. We know the internet has many positive aspects that we use in our daily lives. This newsletter could not be sent to you without it. There are also some more dangerous elements of the internet, in particular for young people. In assemblies this week, Mr Pitkin talked about being safe online. I talked with Year 11 about 'sextortion' and the dangers of this. This is where a person befriends a child over a period of time and eventually convinces them to share nude or intimate images. When they have done this, they are then blackmailed into paying a large sum of money, or the images will be shared with their contacts. Cases of this have increased by nearly 200% over the past two years.

You may have heard in the news that a young person was murdered in a school in Sheffield recently by another student with a knife. We talk about the impact of knife crime with our students in PSHE lessons and assemblies. You may remember the case of a local boy, Charlie Cosser, who sadly was stabbed and later died in hospital in the summer of 2023. We have been in contact with his Dad, Martin Cosser, who now runs a charity to educate children about the dangers of carrying knives. He will come to school and lead assemblies on this in the summer term. I know this will be hard for students to hear, but also feel it is necessary to do. We will talk with children about the assemblies beforehand and will send you more information so that you can discuss at home. The assemblies will be age appropriate, Martin speaks in lots of schools raising awareness around knife crime.

I appreciate that my messages this week are less optimistic and positive than normal. That should not detract from the fact that your children are doing really well in school and I see them every day, doing the right thing and doing really well.

Best wishes,

Stuart Edwards
Principal

KS3 & KS4 ASSESSMENT DIARY

Week Beginning: 10 February 2025

Assessments are coming up for:

Year 8: in class assessments begin after half-term for all subjects (except English, mathematics and science) (24 February 2025 onwards).

Detailed dates for assessments are found via the link below. This page is updated every week : <https://www.mrc-academy.org/curriculum/assessment-dates>.

Class teachers have shared details of forthcoming assessments with your child, including the length of assessment, type of questions, topics that will be in the assessment and some revision activities that will be useful to help your child prepare. These are available on Arbor as an assignment.

Experience shows us that students who are well rested, have had a good breakfast and are properly prepared with the right equipment experience less stress and anxiety before assessments, and perform better. We thank you for supporting your child in their preparation.

We are also mindful that these assessments can create a degree of stress and anxiety – please do contact your Head of Year for support and advice should this be the case.

STUDENT SPOTLIGHT

Ivo in Year 9 was pleased to be able to put on his first Sussex Schools' vest and run as part of the Junior Boys Team against five other counties in the regional Schools' cross country at Newbury Show Ground last weekend. It was a very competitive race. Though the winner was from Essex, Kent and Hampshire fielded very strong teams. The course was flatter than most cross country races held in Sussex, but it had long stretches of narrow paths through woodland, where it was almost impossible to overtake. On the last stretch, where it finally opened out, Ivo was able to use his speed to pass at least 12 other runners, including several Sussex team-mates. He finished 9th out of 18 Sussex runners and 68th over all. He has also recently been selected as part of the Sussex team for the regional final of the National Sports Hall competition in two weeks time. Well done Ivo!

UNDERSTANDING YOUR CHILD'S TRACKING POINT REPORT

Throughout the year, parents receive Tracking Point (TP) reports which record Attitude to Learning (A2L), subject grades and gives an overview of attendance for their child. There are 3 TPs in Years 7 – 10, and 4 TPs in Years 11 – 13. This information will be released and viewed on the Arbor platform.

Attitude to Learning (A2L)

A2L is split into four key focus areas and defined as follows:

Classwork: This measures the degree to which a student engages and contributes to lessons. This considers a student's ability and willingness to ask questions, contribute to discussions, engage with classroom activities, produce work to the highest of their ability, seek out extension tasks, and take responsibility for their own learning.

Homework: This measures student engagement with independent work set. This considers a student's reliability to complete and hand work in on time, the quality of the work being produced, and also reflects levels of personal organisation.

Prepared for Learning: This relates to personal standards in and around the College. This considers punctuality to lessons and having the right equipment for learning. For Sixth Form, this includes meeting deadlines, dress code adherence and the use of study periods.

Behaviour for Learning: This measures student attitudes within the classroom. This considers a student's ability to remain focused on tasks, levels of engagement, and positive and negative incidents that impact on their learning or the learning of others - ensuring that all students have the right to uninterrupted learning.

Students will receive a score for each of the above elements on a scale of 1 – 4:

4	Outstanding	Exceptionally high standards always met.
3	Good	Mostly high standards, some inconsistencies which leave room for improvement.
2	Inconsistent	Variable standards, satisfactory as often as unsatisfactory. Negatively affects achievement.
1	Unsatisfactory	Standards are often unacceptable. Considerable impact on achievement and learning of others.

Grade maximums for each year

Year 7 Year 8 Year 9 Year 10 Year 11 Sixth Form

Grades

Students receive a GCSE grade in Years 7-11 as part of each TP. As a parent/carer, you will also be provided with a grade following each examination window, along with an average grade. Each year group has a maximum grade they can receive 3+ in Year 7, 4+ in Year 8, 5+ in Year 9, 7+ in Year 10, 9+ in Year 11 and A* in Year 13.

Attendance

Attendance matters! As a parent/carer, you will see an overall attendance figure for your child (given as a percentage). This diagram details the correlation between attendance and education, and how attendance can impact success and life chances. Discussion and support are always offered to maximise the outcomes for every individual.

If you have any questions regarding the report, please contact your child's Head of Year and/or classroom teacher(s).
